Waste Encare (India) Pvt Ltd.
A-288 Road No 16 "Z"
Wagle Industrial Estate,
Thane 400 604.

Dear Sir,

Attn : Mr Anand Apte Managing Director / Mr. Srihari Athavale

Ref : Environment Department Government of Maharashtra clearance
Under reference No. USG-2009/1414/CR.14/TC.1 dated 24.05.2010.

This is to thank you for your efforts and guidance due to which we have received environmental clearance duly amended incorporating one number coal fired boiler in place of two number 100% Bagasse fired boilers for our new 24 KLPD malt based distillery project in village Parmori Taluka Dindori, Dist. Nasik.

Your efforts will go in a long way in running the unit without interruption as now we have the flexibility of using coal as well as bagasse for our steam requirement. This has become necessary because of late, bagasse supplies have turned erratic.

We would also thank you very much for all the technical liaison work done by you for getting Consent to Operate from MPCB for our above unit.
