

Inspired by Science

To Whomsoever It May Concern

This is to certify that M/s Waste Encare (India) Pvt. Ltd. (now Goldfinch Engineering Systems Pvt. Ltd.), Plot No A 288, Rd No 16 Z, MIDC Area, Wagle Estate, Thane (Maharashtra) were entrusted with design, engineering, supply, installation and commissioning of Effluent Treatment Plant (ETP) for our manufacturing facility at Sterling SEZ Area, Jamnagar, Gujarat.

The ETP capacity is 600m³/day and treatment scheme consists of Primary, Secondary (aerobic biological) and Tertiary treatment units. The ETP also consists of a state-of-art Belt Press for dewatering of sludge generated within the ETP. The ETP has been provided with on-line instruments for control parameters and is operated using a Programmable Logic Control (PLC). Approx. cost of the ETP (excluding civil work) is INR 25000000/- (INR Twenty Five Million).

The ETP was completed as per our required time frame and was commissioned and handed over by M/s Goldfinch during March 2013. We found the workmanship to be satisfactory. We find M/s Goldfinch Engineering Systems to be technically sound and having all required infrastructure including manpower for executing such projects.
